## Helping people experiencing homelessness

---

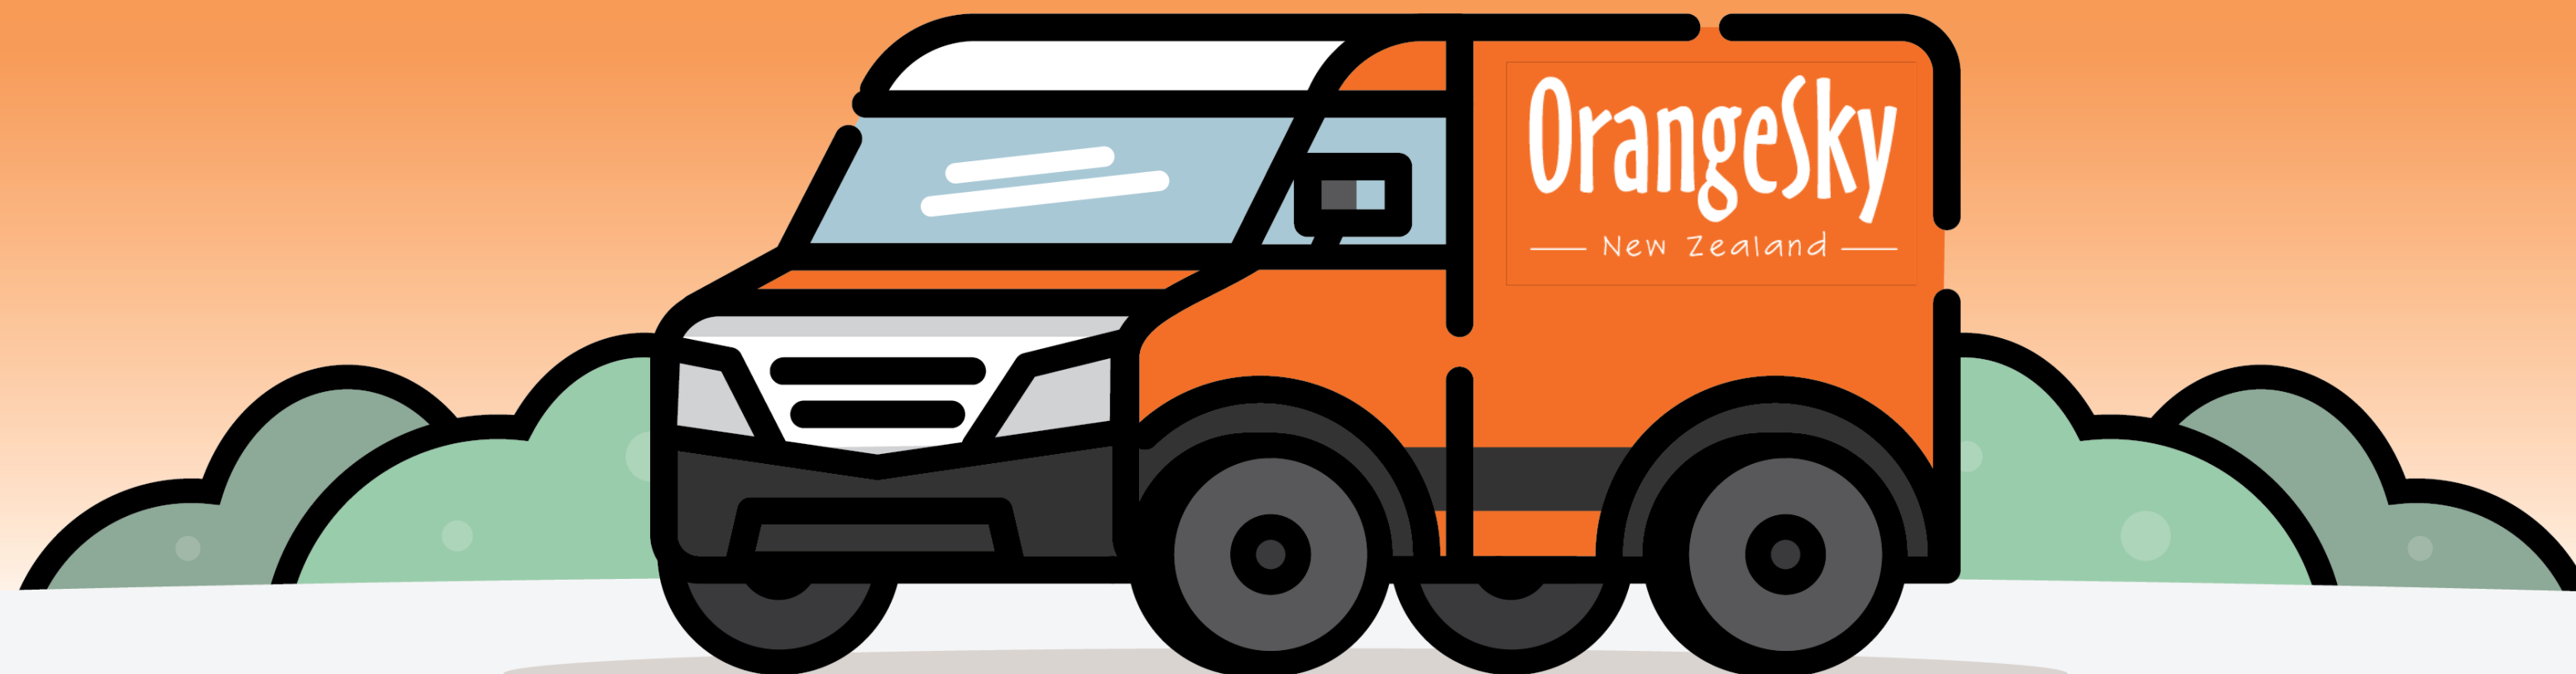

Positively Connecting Communities

# OUR MISSION

---

Orange Sky's mission is to positively connect people experiencing homelessness. We aim to connect with people living in poverty, people adversely impacted by natural disaster and those fleeing unsafe environments – by providing dignity and support through clean clothes, warm showers and positive conversation.

Australia

New Zealand

Orange Sky has now expanded our services to help people in New Zealand experiencing homelessness.

Orange Sky Australia has a footprint which connects people from as far north as Darwin, out west to Perth, east to Sydney and south to Hobart.

Orange Sky NZ is a registered charity in NZ staffed and run by New Zealanders.

This service is not only a world first, but a NZ first!  
Our first van launched in Auckland On 10<sup>th</sup> October 2018

**8,017 hours of conversations**

**64,090 kgs of laundry**

**214 engaged volunteers**

**28 service locations**

## WHAT WE CAN JOINTLY ACHIEVE...

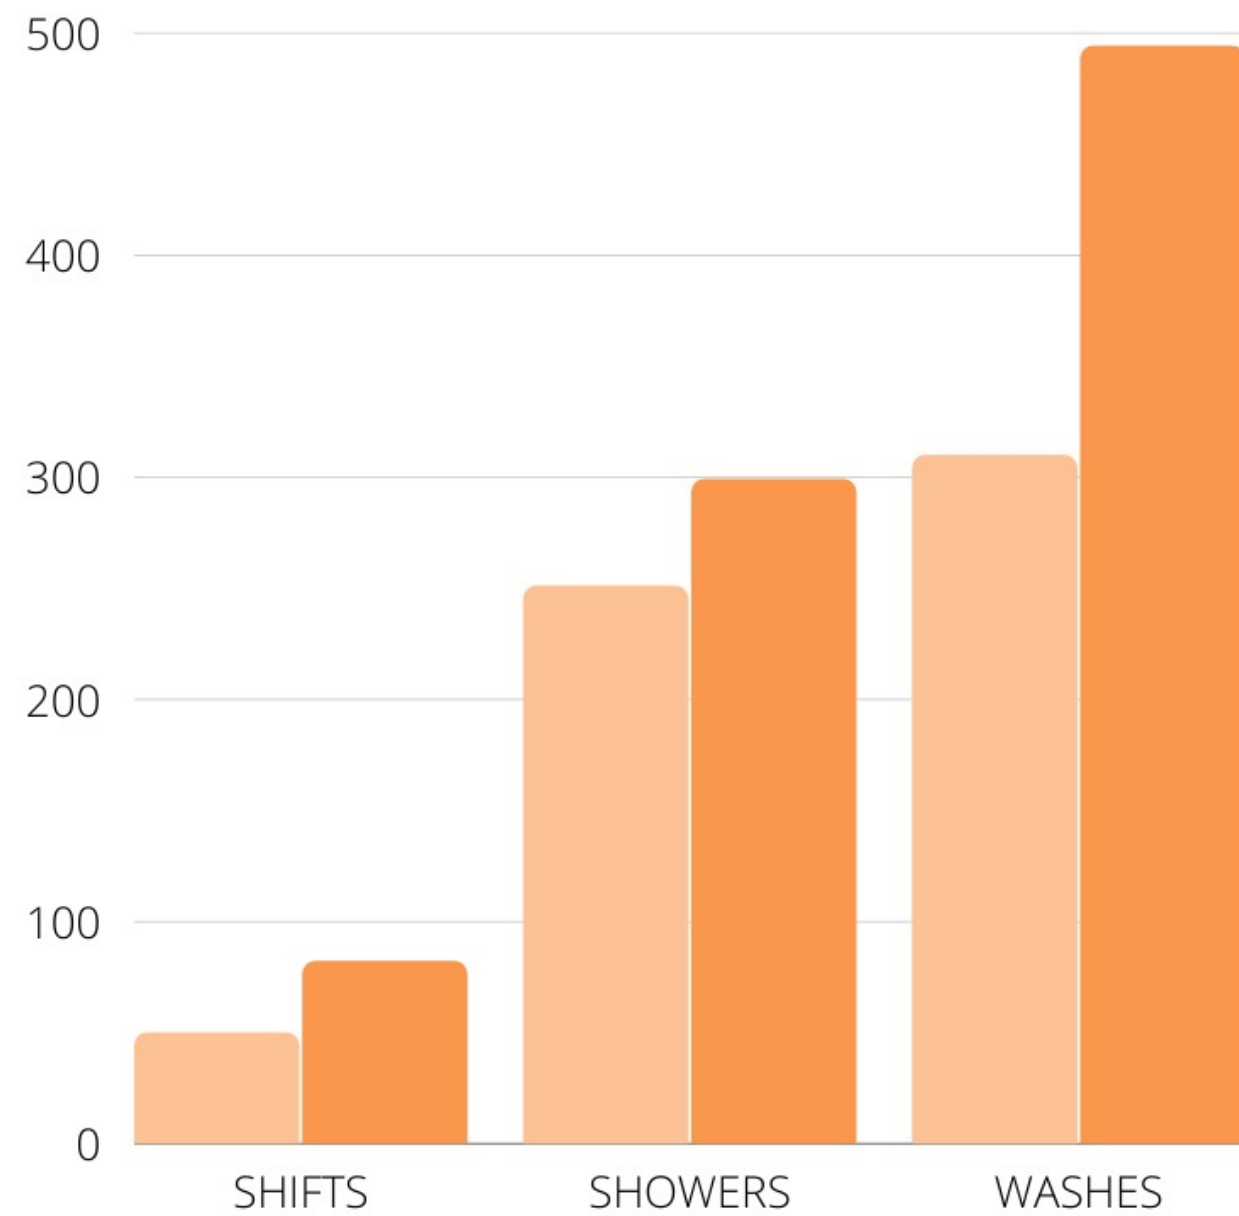

The ultimate goal of all organisations focusing on homelessness is to provide housing for people in need. However Orange Sky gives an immediate and practical solution to help give people access to a basic human need, free laundry/showers in locations where they feel safe.

A massive impact comes from the non-judgemental conversation and connections which are made . Unfortunately many of our friends on the street are ignored or marginalised for much of their day. This service can be transformative.

Our objective is to enrich the lives of people experiencing homelessness or those in crisis situations through partnerships with other community services.

## The Sudsy Challenge

Coming in September 2021! New fundraising and engagement opportunity for corporate

New Zealand

## Volunteering

A fortnightly and six month commitment to get our on shift

## Vehicle Sponsorship

A Vehicle Partnership covers the capital and rollout costs of a laundry or shower van (\$175k), or a hybrid van (\$215k) which is a combination of both shower and laundry.

The partnership term is 1 year. (Operational costs annually are additional and are estimated at \$65k)

We accept donations and fundraising from the general public, other charities and community service organisations of any amount

## MEET KENNETH

Kenneth is one of the 41,000 New Zealanders experiencing homelessness. He comes along to shift to wash his clothes, have a shower, and most importantly – sit down for a genuine and non-judgemental chat.

“I haven’t always lived on the streets but I find myself in this situation at the moment. I am trying to hide it from people around me because there is a fair bit of shame. I don’t like to use the word depressed but I do feel depressed, nine weeks on the streets.

I motivate myself everyday to get up, especially with Orange Sky here. You are part of my plans everyday. Without Orange Sky, I wouldn’t be clean like this. I wouldn’t be walking around with clean clothes and I wouldn’t be sleeping on clean blankets. I’m one of those people that don’t like walking into the public feeling all dirty. With Orange
